

## Why are Scent-ials Candles considered "Premium" candles?

**Scent-ials** candles are premium in every way. Our candles are made from a special blend of the finest quality waxes available. They will burn cleaner and longer than ordinary candles. **Scent-ials** candles are designed to perform at the highest level possible. When burning, our candles will liquefy across the entire diameter, leaving no wax clinging to the side of the jar. Each premium candle is drenched in highly scented oil, dispersing more than **three times** as much scent as ordinary store bought candles. Our candles also contain UV filter to prevent fading while in direct sunlight.

Type	Height	Burn Time	Retail Price	Case Price
11 oz	3"	50 hrs	\$9	\$84 (12)
16 oz	4 1/2"	75 hrs	\$12	\$108 (12)
